Your Web Newsletter

This could be your personal, school, church, business or community web newsletter!! You send us the content and we make it happen! It is that easy and the best part is it's something everyone can afford.

We have been publishing community newsletters for 30 years! We solicit companies to advertise in the newsletter. The community sends us the information and we layout a newsletter that gets printed and mailed to every resident and advertiser in the community.

The other type of newsletter we publish is one in which the community does not want any advertisers. They pay a flat rate to have the newsletter designed, printed and mailed.

Not everyone wants the expense or has the time to furnish pages and pages of community news. And, that is how the web newsletters got started.

We have a flat rate ...\$25.00 a page (just like this). It is in **full color** and we can use your community logos, pictures - anything you want. All you have to do is email the articles and pictures (optional) to us and we will lay it out and post it on my website for you for only \$25.00 a page!!!

Can you believe it???

This can be done weekly, monthly or whenever you need to change your information.

Sometimes, you may have a lot to say and may need four pages and then there will be times when you only need one page. **YOU WILL ONLY HAVE TO PRE PAY FOR THE PAGES YOU USE.** You are not locked into any set amounts. How exciting is that?

If you know of any companies that want to advertise in your web newsletter, have them call us and for a small fee, for them, we will design the ad and do the billing for you. The money brought in from advertisers will be deducted from your total amount owed plus a 10% service fee for each ad.

We will post your web newsletter for **FREE** on our website www.ikarepublishing.com.

There it is. The best deal in town ... once you sign a contract for a year, all you will have to do is send us your information and we will do all the work for you for only ...

**\$25.00
A Page!!**

Feel free to visit our website at www.ikarepublishing.com to see the quality work we do. Then give Karen a call at 813-907-3629 to start having your very own web newsletter.

IKare Publishing, Inc. reserves the right to refuse any articles and pictures that are not up to the high standards of this company.

ikarepublishing@aol.com
